## PROVIDER**ALERT**

Provider Services: 1-888-922-0007

To: AmeriHealth Caritas Louisiana Providers

**Date: January 23, 2018** 

Subject: HEDIS® Annual Medical Record Data Collection Reminder

**Summary:** AmeriHealth Caritas Louisiana will begin contacting physician offices and facilities in preparation for the collection of annual Healthcare Effectiveness Data and Information Set (HEDIS®) data.

Starting late January 2018, providers will be contacted by AmeriHealth Caritas Louisiana staff requesting records needed for 2018 HEDIS® activities. As a Healthy Louisiana Managed Care Organization, AmeriHealth Caritas Louisiana is required to obtain data through medical record reviews to comply with state and federal regulations, accreditation requirements, and to help ensure data submissions to Centers for Medicare & Medicaid Services (CMS) are complete and accurate. Providers are required to respond to requests for medical record documentation within the specified timeframe.

In an effort to decrease interruption of the day-to-day functions of your office, we offer numerous options for medical record collection.

- On-site visits
- Fax
- Secure email
- Electronic data collection (EHR)
- AmeriHealth Caritas Louisiana secured media
- Mail

The annual medical record data collection process includes the following:

- An AmeriHealth Caritas Louisiana associate will be contacting your office to confirm key contact information and which option you prefer for data collection.
- If an on-site visit is requested, appointments will be scheduled with your staff.
- Prior to the call, you will receive a letter or fax from AmeriHealth Caritas Louisiana outlining the
  information that is being requested, including a list of members' and the identified measures that
  will be reviewed.

Please submit requested medical records within 5 business days of the date of receipt of request.

The Health Information Portability and Accountability Act (HIPAA), permits the release of medical record documentation to AmeriHealth Caritas Louisiana without patient consent or authorization. If you have questions, please contact Mia Bell by phone at (225) 954-1497.
